Suzanne,

If you prefer, Tim could stop by this morning and get your hand edits or to save you from having to do it electronically later today.

Also, Charis wanted something from us by tomorrow and, given that we're still trying to reach internal consensus, I think it's best if we contact her today to let her know that it's going to be late next week before she has our response. I think that call is best coming from NEPA but I am happy to do it if you guys would like me to.

Finally, I think me, you, Tim and Sara should meet early next week to get us all on the same page. We'll set that up.

I left you a voicemail to this affect as well but thought I'd also email in case you were on the Blackberry.

Thanks,

Scott

I have suggested edits to the email, not the table. I would like to see a bullet list of the additional info we need, and I think we need to clarify the first few points in the email. Tim, have you made any edits to the email since you sent it to us earlier in the week? My edits are on a hard copy. I should have time at noon to edit the email and share with all.

Subject: BLM Proposed General Conformity Exempt List (from Email dated 5/17/13) - Draft EPA Email Response

Hi Everyone,

Directly below is a draft email to the BLM regarding their proposed general conformity exemption list. BLM has asked for a response by the end of the week; to meet this request, could I have your comments/edits by COB on Wednesday the 5th? Too, I believe if needed we could extend the response timing to early the week of June 10th.

Thanks!
